What Is Tarot and Why It Matters

Tarot is more than a deck of cards; it's a mirror reflecting the subconscious mind. Each card carries archetypal imagery that resonates with universal experiences, offering a language through which we can examine our thoughts, emotions, and life circumstances. A skilled reader interprets these symbols, guiding you toward greater self awareness and empowerment.

The Structure of a Tarot Deck

- Major Arcana – 22 cards that represent life's major themes (e.g., The Fool, Death, The World).
- Minor Arcana – 56 cards divided into four suits (Cups, Swords, Wands, Pentacles), each with ten numbered cards and four court cards.
- The Court Cards – Page, Knight, Queen, and King, each embodying different facets of personality and energy.
